

European statistics - direct access to information

Posledná aktualizácia:22.09.2021 | Počet zobrazení:null

Statistical Office of the European Union [Eurostat](#) offers wide scale of information published in English, German and French on its website. There is accessible [Statistics Explained](#), official Eurostat website, performed as encyclopedia, presenting all statistical topics in an easily understandable way.

In case of any problem with orientation on Eurostat website or difficulties connected with extractions from Eurostat database, please contact the Centre of European Statistics Data Support (ESDS) in the Slovak Republic esds@statistics.sk.

Eurostat databases provide users with on-line free access almost to all official European statistical data compiled by [Eurostat](#). Statistical data can be extracted according to the requirements and parameters specified by users. [Click](#) to go straight to the database (known as Data Navigation Tree).

[Eurostat publications](#) are available on-line.

[EU publications](#) - publications of all institutions, agencies and bodies of the European Union

[Release calendar for Euro Indicators](#)

[Statistics A-Z](#)

[RAMON](#) - Eurostat's Metadata Server (concepts, definitions, legislations, methodology etc.)

[Comext](#) - free of charge database that includes data on international trade in goods

[Access to microdata](#) - access to confidential data, which contains information on individual statistical units

[Press Office and Media support](#)
