The Statistical Office of the Slovak Republic has launched a new, optimised Statistical Data Collection website to provide the main information space not only for users of electronic statistical data collection (eCollection).

Please visit the website [Statistical Data Collection](#).

A new website of the Statistical Office of the Slovak Republic was created for **INTRASTAT-SK** statistical surveys, where information, instructions and news related to how to fulfil the reporting obligation in these surveys are published: <https://intrastat.statistics.sk/Intrastat/>.

The content of that website is available only in Slovak; the English version is under preparation. In case of questions about **INTRASTAT-SK** surveys, please, contact the Helpdesk for the **INTRASTAT-SK** system at the Statistical Office of the Slovak Republic during weekdays from 8.30 to 14.30 by e-mail: intrastat-sk@statistics.sk or by phone: +421 2 50236 277
